

## NEWS TRACKER APPLICATION

### PROBLEM STATEMENT

1. There are multiple news sharing apps used by a single user and are often spammed with notifications which cause users to miss important events across the Globe. A news sharing app wants to help users find relevant and important news easily every day.
2. In our daily life, we come across various events of local as well as national importance, and to know it, we take the help of news. But recently we realized there is no such common platform that provides both. So we found a social need and built a platform that provides such news in form of short videos that are taken from the most trusted resources in the world.
3. Creating a user friendly news app that would not just have good number of features but it also it will be able to be easily by different types of users keeping the experience delightful.
4. Some of the news apps exaggerating the simple news to be trend in market and they display inappropriate ads and contents frequently. So the news app should be give only straight forward information and avoid inappropriate app.
